- Choose a convenient time for making the bed. After the bath may be a good time.
- Gather all equipment needed.
- Place soiled linen in a bag, hamper or on a chair protected with newspaper. Never put it on the floor where it could be contaminated.
- Store soiled linen in a closed container until it can be laundered.
- Place a board under the mattress to add firmness.
- Use a waterproof mattress pad if extra protection is needed.
- Use warm, but lightweight blankets.
- Pillows should be firm enough to maintain body posture, but soft enough to be comfortable.
- Do not tuck in top linens so tight that they pull or press on the toes and feet.
